Safeguard Your Child's Education Future With EduSecure

EduSecure is specially designed for parents like you to build up your child's education fund progressively.

‘Education is our passport to the future, for tomorrow belongs to those who prepare it today.’ - Malcolm X.

Children are our future. Their better tomorrow begins today. It starts with parents being able to provide the right education to help dreams come true.

A good education is both pricey and priceless, hence early preparation for the required funds is an absolute necessity for all parents.

EduSecure is a regular premium endowment plan which comprises of both non-participating (EduSecure Basic) and investment-linked (EduSecure Saver) elements where 70% of the premiums paid for the basic plan are channelled to EduSecure Basic while the remaining 30% goes towards EduSecure Saver. The premiums allocated to EduSecure Saver are invested in your preferred fund(s) to generate potentially better investment returns to boost the education funds.

In addition, EduSecure offers life insurance coverage for both you and your child. Should something unexpected happen to you, the education fund under this plan will not be affected. When your child reaches education milestone ages, EduRewards come into effect. Cash payout from EduRewards can help to pay for tuition fees, enrichment courses or even act as pocket money. At maturity, EduRewards Plus can be used to mark a graduation celebration. Why wait? Time is on your side. Use it to your child's educational advantage with EduSecure.
